Grant Evaluation

- The Parish Council likes to hear how community groups have used the money awarded to them
- As the money awarded is public money, we also need to make sure that the money has been spent appropriately and as agreed

Name of Organisation	Holmfirth Chess Club
Amount of award	£ 784.94
Purpose for which the grant was awarded	To purchase new equipment enhancing the coaching and provision for our junior and adult sections.

The Story of Your Project

- *Tell us what you did with the money awarded to you*
- *Attach a few photos*

The grant funds were used to buy new chess equipment for Holmfirth Chess Club. The club runs weekly sessions for juniors and adults, as well as entering teams in various competitions in Huddersfield and across Yorkshire. With the equipment we were able to buy we have greatly enhanced the learning opportunities for our juniors with interactive lessons, puzzles and the ability to live stream games.

The bulk of the money was spent on purchasing a projector and tablet to allow us to run live demonstrations. The remainder was used to buy an electronic chessboard which can be seen in the first photo. This board allows us to run through a game on a physical board whilst simultaneously streaming it to the projector.

The Story of Your Project contd.

Some of our juniors engage in a lesson with Jacob, one of our junior coaches.

A game study for our more experienced juniors.

What you achieved

<p>What were the benefits of your project?</p>	<p>With the help of the Parish Council we were able to get some much needed equipment without having to substantially increase fees for our members. In particular, it allows us to run the junior and beginner sessions completely free of charge to give as many people the opportunity to play chess as possible.</p>
<p>Who benefited from the project?</p>	<p>The equipment has been useful for all of our members, young and old. The juniors have been able to have more interactive coaching sessions as well as doing a variety of chess puzzles and games on the tablet. The adults have used the electronic chess board for analyzing games after matches and during the recent Chess Candidates tournament we were able to show the games on club nights.</p>
<p>How many people benefited?</p>	<p>Our numbers on any given club night vary, but we have around 20 juniors and a further 10-15 adults currently active within the club. We recently also took a number of sets to the Hade Edge Gala and ran a free chess stall where a number of kids and adults took part.</p>
<p>Was the project inclusive? How were marginalised groups (elderly, disabled, young people etc) able to participate?</p>	<p>Our club is open and welcoming to all. We have a wide age range across our membership. The equipment is freely available to all members to use on a club night.</p>
<p>Reflecting on climate change, did the project address any aspects of the climate emergency? How?</p>	<p>N/A</p>
<p>Did you achieve what you were trying to do?</p>	<p>Yes. Both in the sense that the equipment added to the club gives us a range of additional options for teaching, and in the fact that we were able to keep costs down as much as possible to make chess accessible to all.</p>

Finance and Expenditure

We ask groups to retain their receipts and invoices, and to keep a record of what they've spent for auditing purposes

Grant awarded £ 784.94

Date	Description of expenditure	Amount
24/10/2023	Anker Nebula Mini Projector	£ 329.99
